Pull 36" height increases feed capacity and prevents pigs from interfering with feed tubes.

Solid Hole Dividers separate trough to protect pigs from attacks while eating.

Hemmed edges provide pig safety.

and reinforce

feeder corners

Value Series 400

Wider feed spaces allow the largest

# Proven, Time-Tested Feeder Design.

Hog Slat's dry feeders are the benchmark for efficient feed conversion. Tested and proven on farms across the country, we offer a wide range of sizes in both our Platinum 300 and Value 400 Series.

# Comparing the 300 and 400 Series

Nickel-based 304 stainless steel provides superior corrosion resistance in harsh environments. 400 stainless steel contains less nickel in its composition reducing its corrosion resistance.

# Wean to Finish Feeders

Deep trough with Feed Saver Lip

feed in the trough.

prevent feed wastage by containing

# Offered in your choice of feed adjustments:

## AccuCrank™

Hog Slat's new Accucrank gives producers precise feeder adjustment to reduce feed wastage.

- Screw adjustment moves the feed gate 1/16 of an inch per revolution, allowing fine-tuned feed gate positioning.
- Positive lock slots prevents pigs from wiggling the slide gate out of adjustment.

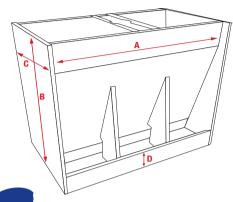

# Select-A-Flow

Numbered settings allow producers to make fine graduated changes in feed flow.

- Each settings presents 1/16" in feeder gate adjustments
- Repeatable settings from group to group.

#### **Feeder Dimensions**

Full 36" height increases feed capacity and prevents pigs from interfering with feed tubes.

Hemmed edges provide pig safety and reinforce feeder corners.

Deep trough with Feed Saver Lip 5/16"

prevent feed wastage by containing

feed in the trough.

5/16" stainless rod dividers in multiple feeder spacing

# Hor Wet/Dry Feeder

5 hole

6 hole

You can now choose a Wet/Dry feeder option with the confidence from the industry leader, Hog Slat. Based on a time tested-design, our Wet/ Dry series of feeders are welded of 16 ga. 304 Stainless Steel. The adjustment mechanism is constructed of 14 ga. with 12 ga. blocking panels. Precise management of

the feed shelf is provided by a special version of our proven Select-A-Flow adjustment. The innovative Cam Action provides close incremental adjustments to fine tune feed delivery on the shelf.

7309310550

7369310560

Two-piece water bar aids maintenance. Vertical pipe is easily removed from horizontal

Unbolt side plate and slide the entire interior water bar assembly out the cutout.

#7720300500 ......72" x 31" Wet/Dry Feeder w/ 5 Nipples (304) #2050110100.......Feeder bracket for perpendicular placement in fence line 

### HTE ELAT® Round Feeder

210

252

- · One-piece fiberglass hopper vs. twopiece hopper
- · Reinforced spindle axle is mounted through the bottom of the pan to prevent breakage
- · Heavier weight metal fixtures with powder coated paint finish
- · 4.5 bushel capacity (213 lbs. of feed)
- · Multiple lengths of panel dividers are available as optional equipment (shown with dividers, not included)

Top angle band prevents damage when feeder is turned over for cleaning.

Select-A-Flow adjustment allows for precise regulation of feed flow.

66

Internal bump bars prevent feed from bridging.

# 📭 🗗 🗚 Easy Clean Feeder Handle

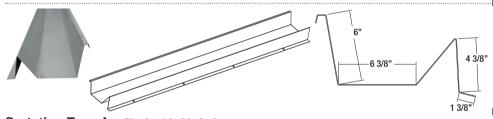

The Easy Clean Feeder Handle eases the hassle of cleaning feeders.

The top leverage handle adjusts to fit any feeder length. One person can easily tip any size feeder without removing it from the fence line. The Easy Clean Feeder Handle also reduces feeder damage caused during clean-out.

#### MaxiGro 3000® **Innovative Crate Feeder**

- Three-compartment feeder for nursing pigs.
- · Hooks into many types of crate flooring.
- · Place in the farrowing crate corner to keep it away from the sow.
- · Avoid expensive feed waste.
- 3 compartment bowl means feed contamination from urine and feces will be minimized.
- The stainless steel floor hook fastener design accommodates most types of crate flooring.
- · A handy arrow on top of the hook latch lets you know which way the hook is pointing.

#SG-545200......MaxiGro 3000®

# Milk Replacement Feeder

Uniquely designed feeder reduces waste when feeding high priced milk replacement diets.

#### Features Include:

- · Separate double feeding compartments reduces contamination
- · SS floor hook snaps in place on most farrowing floors
- · 1 gal plastic bottle
- Triangular profile allows feeder to fit in creep corner away from sow
